

SERAFINA DEDICATION POEM

With Cornish elm our native wood
The solid substance of this boat,
Nankersey Rowing Club declares
This has to be the best afloat!

We've watched as Andrew plank by plank
Built beauty from his perfect plan,
And as the weeks moved into months
He proved he is a master man!

And like our Club that started small
We knew just where we were going, -
To give to everyone that sought
The pleasure and love of rowing.

So Circe gets a sister true
Two boats, one Club, great team:
Nankersey Rowing Club our name
To have good fun our simple dream.

So thank you all those gathered here
For your support just makes worthwhile
The vision that began this Club
Which was and is to share a smile.

Thankyou Andrew for your build-
Dancing waves like ballerina!
Thankyou Bishop for your blessing:
Three proud cheers for Serafina!
